## MESSAGE FROM PRESIDENT

Annie Tang JP

On behalf of Way In Network I am honoured to announce to you that Way In Network has reached the proud milestone of our 30th Anniversary. It is with great honour to welcome you all to join with "Journey of Our Pearls – Way In Network 30th Anniversary Charity Gala Ball" today.

Since 1992 Way In Network has evolved from a modest ethnic women group to assist and support migrant women to integrate into Australia society. I would like to express my gratitude to all past presidents and members who have walked through this 30 years' of charity journey. We have built a solid foundation together with our unique culture and shared values to reaching out to those less advantageous in the community.

Over the three decades with the excellent fundraising work of Way In ladies, we have raised over \$3.6 million funding to support women, children, aged, disability services, medical research scholarship & natural disaster for local and international communities.

As an important milestone event of reaching our 30th Anniversary, we will continue to reach out to support our community projects. We are pleased to announce that the committee has nominated fourteen beneficiaries to receiving a total donation of \$65,000. In addition, we have raised another \$25,000 funding for the current NSW flood appeals.

The past two years have been challenging and indeed our whole lives have been disrupted, but we are glad that Way In ladies have remained strong as a network and have kept our focus on continuing to support our community during the toughest times.

We are so grateful for receiving the overwhelming contribution from all our sponsors and donors who are joining us today for the "Journey of Our Pearls" – Way In Network 30th Anniversary charity event.

Once again, I would like to offer my sincere thanks to every corporate sponsor, donor, community organisation, media and friends for your great contribution and support.

I am also thankful to the Event Chair - Jessie Xiao, Way In ladies and volunteers who have worked tirelessly towards a successful 30th anniversary gala ball event.

Wishing you all a most enjoyable evening with "Journey of Our Pearl."

## MESSAGE FROM EVENT CHAIR

Jessie Xiao CA

On behalf of all our members, I am delighted to welcome you to the Way In Network “Journey of Our Pearls” 30th Anniversary Charity Gala Ball. This event gives an opportunity for our sisters to celebrate each of our unique journey with the organisation, and marks a significant milestone for Way In as a whole.

Since joining Way In 19 years ago as a second generation member, I have had the pleasure of learning & working alongside many remarkable women. Together we have bonded, supported and empowered each other every step of the way. We witnessed the evolvement of the organisation from a support network for migrant women to a driver of cultural integration & community give back. We have gained so much in understanding the value of sisterhood, the virtue in giving, and deep appreciation for the power of harmony & togetherness.

This year’s ball has been especially challenging due to COVID uncertainties, it is with the leadership of our President - Annie Tang, the selfless effort by the working committee, great energy from the wonderful ladies & their families, as well as generous support from our long term friends & new sponsors, which has made this event possible in a short period of time.

I am overwhelmed by emotions to see every puzzle finally come together to create such a beautiful evening to present to you all, once again showing what women are capable of, when there’s a will there’s a way!

I feel most humbled to be accepted into the Way In family and call upon you to continue your journey with us and join our tribe, together we can make a difference to the world and help those in need! On behalf of our members and beneficiaries we thank you for the kind donation of your time and monetary sums for tonight’s fundraising, your contribution & encouragement is well noted, it will bring a smile to many happy faces and drive a positive change!

May we continue the Way In spirit, shine bright like pearls to guide others out of any darkness, and to build a better future for generations to come!

Yours sincerely,

I would like to extend my heartfelt best wishes to the Way In Network as you celebrate your 30<sup>th</sup> Anniversary Charity Gala Ball.

For three decades, the Way In Network has worked to provide support for women through the joys and challenges of making a new life in Australia. Along the way you have helped so many people in need, whether in times of natural disaster like earthquake, drought, bushfire and floods, or raising funds for research and support for those suffering diseases like gynaecological cancer.

In supporting the vulnerable, the Way In Network and all of its members and supporters strengthen our State and our nation, and help to create a better future for us all.

## **MESSAGE FROM NSW LABOR LEADER CHRIS MINNS TO THE WAY IN NETWORK 2022**

Congratulations to the Way In Network on achieving your 30<sup>th</sup> anniversary.

I acknowledge the important work the Way In Network does to support women who have recently migrated to Australia, contribute to charity, and promote mutual understanding and respect.

I pay tribute to this important work, particularly through the COVID-19 lockdown, when many women and new migrants were cut off from social and cultural networks. The work of organisations like yours is invaluable in building a sense of connectivity and togetherness in such difficult times.

I send my best wishes on the success of your 30<sup>th</sup> Anniversary Charity Gala Ball.

On behalf of NSW Labor, I wish the organising committee and all members a wonderful evening, as this is certainly an occasion truly worth celebrating.

Yours sincerely

## MESSAGE FROM FOUNDER, HONORARY PRESIDENT

The Hon. Dr Helen Sham-Ho OAM JP

It is with the utmost pleasure that I congratulate Way In Network “WIN” on the wonderful occasion of this 30th Anniversary Charity Ball. Established in 1992, Way In Network has been providing support of fellowship and networking opportunities for migrant women.

As the founder of WIN, I am very proud of its accomplishments. I witness the WIN members’ caring and selfless efforts in their charitable works to help the less fortunate, and the vulnerables as well as those in need.

There is an impressive list of Chinese and Australian charity organisations and causes that have benefited from the generosity of the WIN and its members. WIN’s fundraising commitments extend also outside Australia e.g. Hong Kong and mainland China.

Indeed, the WIN members are a team of compassionate and dedicated individuals who continuously look for opportunities to better themselves and the society.

A special mention of its presidents and committees past and present, whose leadership and generosity of spirits are inspiring. The successive leadership group has been able to foster the WIN goals of “uniting the women, promoting independence and confidence, being part of the mainstream and serving the communities”.

The occasion of this 30th Anniversary Charity Ball is a welcome opportunity to express my appreciation for the admirable contributions made by WIN to the social, economic and cultural life of Australia.

I applaud all WIN’s initiatives and contributions in the last three decades. WIN has, in the Sydney Chinese communities’ history, a page of Chinese women’s sweats and hard-work with comradeship and kindness which is highly commendable!

I would like to conclude with my most sincere wish for WIN to accelerate forward successfully!

May I wish everyone at this Ball an enjoyable evening!

The Hon. Dr Helen Sham-Ho OAM JP

**黃甘燕玲**

慧賢會前會長

2022年是非凡的一年，適逢慧賢會卅周年的誌慶，更是「迎來意義」。

回顧30年前，非常榮幸參與慧賢會的籌備，當年的籌備小組主要來自中、港、澳的婦女移民，眼見當時的新移民碰到各種困難，感同身受。慧賢會的成立主要是為新移民的婦女開展澳洲的新生活，提供平台，互相幫助。

慧賢會成立30年以來，從關心新移民的初心，逐步到關心主流社會，關心世界的慈善團體，歷屆的會長，理監事，秉承初心，出錢出力，慈善為懷，追求真、善、美，到今年“三十而立”繼續前行，可喜可賀，恭喜！恭喜！

今年慧賢會踏入第30週年。

回顧當初被邀請加入這個大家庭，轉眼間已經是29年前的往事了。並且在2005-2011年擔任會長一職。在6年裏多謝各位慧賢姊妹的協助，更有賴社會上善心人士、華人社團的鼎力支持，成功舉辦了多項籌款活動，令我感到非常安慰。

退任後我還繼續留在慧賢執委會擔任顧問，很高興能夠與現任會長及執委們共事，見證著慧賢會在無數次籌款活動中，上下一心、出錢出力，幫助因為受到天災而急需要援助的機構，略出棉力，令我真的感受到施比受的重要性。

展望未來，我衷心希望慧賢會能夠繼續團結一心，貫徹本會宗旨「團結婦女、增強獨立自信、促進聯繫、融入主流社會、服務人群」，將慧賢會精神發揚光大，更上一層樓。最後希望今晚在座每位嘉賓有一個愉快的晚上。

## MESSAGE FROM PAST PRESIDENT

Tonight we are celebrating a thirty years charity journey for a group of women having developed unique values & culture to reach out and help others.

Tonight we are celebrating a thirty years anniversary which we described as pearly, with members showing lustre for their life through charities and kind hearts.

Tonight we are witnessing a magic milestone of Way In Network; in these 30 years we donated over \$3.6M to over 30 charities. We are confident to be called “beauties” as beyond the superficial beauty; we are more confident to claim beautiful hearts from within.

I have joined Way In Network for over 2 decades & was honoured to have served as President in 2013 -15. Thank you my fellow “Way In sisters” who have been my company, my spiritual support, mentors and best friends, together we embody the same values to help and reach out.

Today every member of Way In Network is very proud to be called “The Way Ins”, the ladies with confidence and dressed in purple. Lastly I hope everyone has a wonderful night and keep supporting Way In Network in more years to come.

## COMMUNITY MESSAGE

### **The Australian Gynaecological Cancer Foundation (AGCF) is grateful to The Way In Network for their past support of a research fellowship into ovarian cancer.**

Gynaecological cancer can occur at any age. AGCF is the only Foundation that focuses on all 8 of the gynaecological cancers. Research is the only way we will be able to develop screening and treatment for these cancers and give women hope.

The AGCF is committed to raising awareness and vital funds for research so that future generations of women are provided with improved survival rates.

### **Way In Network & AGCF Post-Doctoral Research Fellowship**

Back In 2017, the Australian Gynaecological Cancer Foundation (AGCF) and Way In network awarded Dr Dane Cheasley their first two-year research fellowship with an aim to fund impactful research to improve outcomes for women with gynaecological cancer. Dr Cheasley's research project focused on the largest ever genetic analysis of ovarian cancer patients with low-grade serous carcinoma – a rare subtype that is frequently diagnosed at late stage of disease, tends to occur in younger women and does not respond to current standard chemotherapy.

As cancer treatment becomes increasingly personalised, there is growing emphasis on drugs that target specific cancer-causing genetic aberrations. However, these drugs have shown little response as single agents so far in patients with this disease. Through Dr Cheasley's funded and comprehensive genetic study of the largest cohort of patients with low-grade serous cancers, he identified a number of unique and clinically actionable avenues to specifically improve outcomes in this rare ovarian cancer subtype.

Data generated from this fellowship subsequently opened up the arena for Dane to apply for extended funding, where he was awarded over 1.6 million in research funding which included a four-year research grant from the Australian Federal Government's Medical Research Future Fund and Therapeutics Innovation Australia, along with a 4-year Fellowship from the Victorian Cancer Agency. This funding was awarded to investigate new drug combination therapies this rare form of ovarian cancer.

This research is performed in collaboration with Peter Mac group leader A/Prof Kaylene Simpson, where together they are applying state-of-the-art robotics available at the Victorian Centre for Functional Genomics to fast-track therapeutic discovery for this disease by testing close to 7000 clinically available drugs in combination with each other across a large collection of patient-derived cell lines.

Once effective therapeutic combinations have been discovered on cell lines, clinical trials will hopefully begin where newly diagnosed patients will be recruited, and their cancers genetically tested to determine the best possible therapeutic combination strategy. This will provide clinicians with a rational treatment option for each patient with low-grade serous ovarian cancer and will improve patient outcomes in this understudied and poor prognostic group of women.

The success of Dr Cheasley's research would not have been possible without the amazing genetic data which we generated from my AGCF and Way In Network funded fellowship. This work highlighted many genetic abnormalities that can be targeted by anti-cancer therapies which have been already approved for use in other cancers. Importantly, Dane's fellowship gave him the opportunity to present his research at leading gynaecological cancer conferences in Australia and overseas.

This greatly expanded his national and international network and standing in the field of rare-ovarian cancer research, without which his current success would not have been possible.

## COMMUNITY MESSAGE

The Westmead Institute for Medical Research (WIMR) is deeply grateful to the Way In Network for your wonderful generosity and support for the work of Associate Professor James Chong.

Associate Professor Chong is a practising cardiologist at Westmead Hospital and Co-director of the Centre for Heart Research at WIMR. He is pioneering a radical new treatment for heart disease, using cutting-edge technologies and stem cells to create a 'patch' that can repair heart muscle damaged by heart attack.

This urgently needed work has the potential to save hundreds of lives a year and we are deeply honoured that the Way In Network has chosen to provide support to make it possible in the year ahead.

The Westmead Institute for Medical Research (WIMR) is located at what is rapidly becoming Australia's leading health education, research and training precinct. It is a leading Australian medical research institute driving breakthroughs to better diagnose, treat and cure some of the most serious health issues affecting Australians and people all around the world. Our great strength is a focus on work that is transdisciplinary, translational and transformative.

Thank you again to the Way In Network.

Congratulations on 30 Years of success and community support!

In 2018 members of the Way In Network, together with the ACMA Charitable Trust made a donation to W2IRED (Westmead Women's Research Institute for Research and Data collection) to fund a number of scholarships for medical researchers in the field of Women's Health, to undertake internships at the World Health Organisation headquarters in Geneva, Switzerland. The scholarships enabled the winners to focus on research techniques and population health, to enhance their research work back in Sydney.

The first two recipients of the scholarships were Dr Anne O'Connor, and Ms Meleseini Tai-Roche. Dr O'Connor was training to become an obstetrician and gynaecologist. She has a special interest in public health. Ms Tai-Roche was an experienced midwife, who had commenced studies to become a doctor. She has a special interest in medical care in remote areas of Australia.

ACMA congratulates the Way In Network for generously funding these scholarships, which will have a multiplying effect to improve the health and well-being of mothers and babies in Sydney and the whole world.

Dr Stephen Hing  
President, ACMA

## COMMUNITY MESSAGE

### **Congratulations!**

Our congratulations on the 30th Anniversary of Way In Network!

Voluntary activities involved dedication, passion, vision, enormous energy, new ideas, motivation, consistency, perseverance, not to mention endless times of organising events and participation, much beyond what money can buy.

The impressive record of Way In in fundraising is amazing. The generosity of its members and supporters are examples for many of us.

The impressive history of supporting many charities, from Tsunami in South Asia to Aboriginal Youth project, from Leukaemia research to China Vision and Chris O'Brien Life Centre, has highlighted the diverse charities which were being supported by this incredible association.

China Vision, a not-for-profit organisation, with our team of doctors and nurses from Australia, in partnership with teaching hospitals' doctors and nurses in China, had been generously being funded and supported by Way In Network in many occasions. The members had participated in supporting the eye surgery, visiting hospital patients, doing home visits and providing support for schools in more distant part of China. Their visit with China Vision to Guanxi province in China in April 2016 had been a memorable event with everlasting friendship established between Chinese people and us until today.

COVID-19 had caused havoc for the world, Australia is no exception. Community structure, function, activities and unity are under serious challenge.

The ability to hold a major function with such an enthusiastic support speak highly of the vision, faith, unity and strength of Way In Network members under the leadership Annie Tang and her team.

On behalf of China Vision, thousand of thanks and hope one day we can travel to China together again.

On behalf of the Management Committee of the Australian Chinese Charity Foundation Inc. (ACCF), I would like to offer my warmest congratulations on reaching your notable 30th anniversary. We appreciate the support you have given us over many years.

# WAY IN NETWORK HISTORICAL JOURNEY

### WAY IN NETWORK - A BRIEF INTRODUCTION

*President - Mrs Christine Ho*

On 28 March 1992, at the invitation of the Hon. Helen Sham-Ho M.L.C., a group of women coming from different regions and different backgrounds, got together in an atmosphere of harmony and warmth, each expressing her views. A common expression given by most of them was the various perplexities they faced upon arrival in Australia, such as language, communication, Medicare, insurance, banking, education, housing, etc. Some women were even suffering from how sickness. Summing up all their opinions, they agreed that women should do more than just stay at home caring for their husbands and children. They should also do what they can for others.

Based on this assumption, we finally chose the Hon. Sham-Ho M.L.C. to support and guide us in founding an organisation, whose aims were to integrate into the mainstream society, and to assist other people. Our association is known in English as "Way In Network". As the old saying goes "One should conduct oneself with dignity before others would follow suit". This is to iron out differences and is the only way to be acceptable and respected.

Way In Network has the honour to be approved and supported by Mr Frank Sartor, Mayor of the City of Sydney, whose wife becomes our honorary member, and Hon. Sham-Ho, our honorary president. As our organisation has captured so much attention from all corners, and in order to make it even more perfect, to design an

association emblem that will present a good image externally becomes very important. For such an emblem, we have approached Mr Alex Ma, who is a Hong Kong migrant and well known designer. According to Mr Ken Cato, the Australian authority on designing, Mr Ma is an all around designer of genius. His wife, Mrs Nancy Ma has just been awarded a prize for her outstanding academic achievement in post-graduate design studies from the school of Design, University of Technology, Sydney. When the couple learn of the association's aims and background, they were very moved and ardently and voluntarily designed a very fine emblem for us.

As this association is devoted to integrating itself into the mainstream society, promoting better understanding with other ethnic communities and serving the people, we therefore will organise one fundraising activity annually, and the proceeds, after deducting some as foundation for the association, will be donated to those most needy organisations at that time. On top of that, if necessary, it need be, will assist other charitable organisations to raise funds twice a year. We will also do our best to convince members to a meeting every month, to take part in other activities such as barbecues, help doing things for other organisations, to visit homes for the aged, and a tea party every week for new members towards the opening up of a new road for the new migrants. This enthusiasm is praiseworthy and we are very thankful for it. Any ideas or suggestions may be posted to us using the following address:

Seven months has passed since Way In Network established. There were lots of exciting accomplishments that we are proud to share with the community:

1. Assisted the Australian Nursing Home Foundation in organizing a Karaoke evening to raise funds.
2. Participated and sponsored the Dragon Charity Walk for elderly Australian Chinese Homes.
3. Co-ordinator for Chinese Cultural Festival held at Bicentennial Park, Homebush. There were over 20,000 people attended this function. (Bicentennial Park Official record)
4. Launched a free vegetarian launch for 180 elderly people at Golden Century Restaurant.

Way In Network also attained many other social functions such as Australian Chinese Art Festival Charity Dinner, luncheon by Prime Minister Paul Keating launched by Hong Kong Trade Development Council, Australian Chinese Charity Foundation Garden Party at Government House, etc.

Those wishing to contact us or to join this non-political, non-profit and non-religious grouping of women, may use our 24-hour service, Chinese and English bilingual Hot Line : 333 3330. This hotline is provided for by the ABC PAGING Pty Ltd free of charges as an incentive for us to work hard towards the opening up of a new road for the new migrants. This enthusiasm is praiseworthy and we are very thankful for it. Any ideas or suggestions may be posted to us using the following address:

# URBAN AGENCY

Australia's #1 Asian Events Promoter "Urban Agent" and one of North West Sydney's largest land developers "Castle Group" are now launching their property, hospitality and lifestyle brand – Urban Agency.

Director Ritchie Perera started the property development company Castle Group and leads the growth and prominence of Urban Agent with its luxury brands such as OPM @ Marquee, Embassy, Bamboo Nightclub. Urban Agent was started in 2002 by Ritchie Perera and Eric Woo and in 2021 Ritchie became the sole director and shareholder of Urban Agent.

Castle Group was established in 2007 and from 2014 specialised in land and house and land packages with a major focus on Sydney's Northwest suburbs of Kellyville, Schofields, Riverstone, Box Hill, Vineyard, Marsden Park and Rouse Hill.

Castle Group is Rouse Hill's largest land holder and developer, having controlled 100+ acres over the past decade. As well as developing, Castle Group sold some of their excess land holdings and development sites in Rouse Hill to large Chinese Developers such as Poly and CDMA.

With a pure focus on land and house and land packages, Castle Group has a pipeline in excess of \$650m over the coming 4 - 5 years with projects in Schofields, Marsden

Park, Vineyard and Rouse Hill.

Ritchie Perera has appointed Urban Agents Creative Director and long-time friend Howin Chui as General Manager of Urban Agency. Ritchie Perera is a shareholder in Ni Hao Bar and Kowloon Café with Howin Chui.

"Howin was instrumental in the success of OPM on behalf of Urban Agent for almost a decade where he crafted and perfected his skills. He then came up with the concept and vision for Ni Hao Bar and executed this amazingly. Howin is the driving force behind Urban Agent's Food and Beverage Division and is a visionary and a legend in the Sydney hospitality scene. I admire his passion and respect his diligence and integrity in business" said Ritchie Perera.

Urban Agency will integrate the businesses of Urban Agent, OPM, Ni Hao Bar, Kowloon Café and Castle Group. Urban Agency will provide a pathway for selling property, networking and encourage entrepreneurship.

"We have a very close relationship with a major developer in Brisbane and Melbourne and Urban Agency will be offering properties in those regions in the coming future" said Howin Chui.

Urban Agency will be launching in June/July of 2022 and all interested parties are encouraged to contact us via: [howin@ua.com.au](mailto:howin@ua.com.au) or 0420 20 50 20.
